

Tariff of Charges – Regulated Loans

May 2024

Alternative Bridging Corporation (Cheval) Ltd (ABCC) wants to make fees and charges easy for you to understand.

We believe a Tariff of Charges fully reflects good practice principles and our desire to be up front and transparent in our approach and day to day dealings with you.

You may notice that some fees and charges (charged by other firms) don't appear in this tariff (below). This means ABCC doesn't charge you these fees. Unless otherwise stated, all fees will accrue interest when incurred and the total of fees and interest will be added to your loan account. If you do not want to incur interest on these fees you can contact ABCC to pay the fee immediately instead of adding it to your loan account.

The fees shown in this tariff of fees apply from 1 May 2024 and replace any earlier tariff of fees.

BEFORE YOUR LOAN COMPLETES		
These are the fees you may have to pay before ABCC drawdowns your loan (e.g. bridging loan, or development loan)
